

Self-adhesive Appliance Holder STEGOFIX

STEGOFIX is an appliance holder for direct fixing of small appliances and perforated 35mm DIN rails.

With STEGOFIX small appliances can be mounted in switch cabinets significantly quicker, easier and more economically than before, without drilling holes. Mounting DIN rails is a simple matter with STEGOFIX. Longer rails are mounted on several STEGOFIX units and joining two rails is also not a problem. Subsequent changes and the mounting of additional appliances can be carried out with ease – even in confined spaces.

STEGOFIX is a self-adhesive plastic unit with an adhesion power which will bear a continuous load of 500g. The high-performance industrial adhesive band is also non-ageing and designed with safety tolerances.
